CITY OF CALLAWAY TITLE VI/NONDISCRIMINATION POLICY

Policy Statement:

The City of Callaway values diversity and welcomes input from all interested parties regardless of cultural identity, background or income level. Moreover, the City believes that the best programs and services result from careful consideration of the needs of all of its communities and when those communities are involved in the transportation decision making process. Thus, the City does not tolerate discrimination in any of its programs, services or activities. Pursuant to Title VI of the Civil Rights Act of 1964 and other federal and state authorities, the City will not exclude from participation in, deny the benefits of, or subject to discrimination anyone on the grounds of race, color, national origin, sex, age, disability, religion, income or family status.

Complaint Procedures:

The City has established a discrimination complaint procedure and will take prompt and reasonable action to investigate and eliminate discrimination when found. Any person who believes that he or she has been subjected to discrimination based upon race, color, national origin, sex, religion, age, disability, and family or income status in any of the City's programs, services or activities may file a complaint with the City's Title VI/Nondiscrimination Coordinator:

If the complaint cannot be submitted in writing, the complainant should contact the Title VI/Nondiscrimination Coordinator for assistance.

The Title VI/Nondiscrimination Coordinator will respond to the complaint within thirty (30) calendar days and will take reasonable steps to resolve the matter. Should the City be unable to satisfactorily resolve a complaint, the City will forward the complaint, along with a record of its disposition to the appropriate District of the Florida Department of Transportation (FDOT).

The City's Title VI/Nondiscrimination Coordinator has "easy access" to the City Manager and is not required to obtain management or other approval to discuss discrimination issues with the City Manager. However, should the complainant be unable or unwilling to complain to the City,

ADA/504 Statement:

Section 504 of the Rehabilitation Act of 1973 (Section 504), the Americans with Disabilities Act of 1990 (ADA) and related federal and state laws and regulations forbid discrimination against those who have disabilities. Furthermore, these laws require federal aid recipients and other government entities to take affirmative steps to reasonably accommodate the disabled and ensure that their needs are equitably represented in transportation programs, services and activities.

The City will make every effort to ensure that its facilities, programs, services, and activities are accessible to those with disabilities. The City will make every effort to ensure that its advisory committees, public involvement activities and all other programs, services and activities include representation by the disabled community and disability service groups.

The City encourages the public to report any facility, program, service, or activity that appears inaccessible to those who are disabled. Furthermore, the City will provide reasonable accommodation to disabled individuals who wish to participate in public involvement events or who require special assistance to access facilities, programs, services or activities. Because providing reasonable accommodation may require outside assistance, organization or resources, the City asks that requests be made at least ten (10) calendar days prior to the need for accommodation.

Questions, concerns, comments or requests for accommodation should be made to the City's ADA Officer:

Public Involvement:

In order to plan for efficient, effective, safe, equitable and reliable transportation systems, the City must have the input of its public. The City spends extensive staff and financial resources in furtherance of this goal and strongly encourages the participation of the entire community. The City holds a number of transportation meetings, workshops, and other events designed to gather public input on project planning and construction. Further, the City attends and participates in other community events to promote its services to the public. Finally the City is constantly seeking ways of measuring the effectiveness of its public involvement.

Persons wishing to request special presentations by the City; volunteer in any of its activities or offer suggestions for improvement of City public involvement may contact:

Data Collection:

Federal Highway Administration regulations require federal-aid recipients to collect racial, ethnic and other similar demographic data on beneficiaries of or those affected by transportation programs, services and activities. The City accomplishes this through the use of census data, American Community Survey reports, Environmental Screening Tools (EST), driver and ridership surveys, its community development department and other methods. From time to time, the City may find it necessary to request voluntary identification of certain racial, ethnic or other data from those who participate in its public involvement events. This information assists the City with improving its targeted outreach and measures of effectiveness. Self identification of personal data to the City will always be voluntary and anonymous. Moreover the City will not release or otherwise use this data in any manner inconsistent with the federal regulations.

Assurances:

Every three years, or commensurate with a change in City executive leadership year, the City must certify to FHWA and FDOT that its programs, services, and activities are being conducted in a nondiscriminatory manner. These certifications are termed 'assurances' and serve two important purposes. First, they document the City's commitment to nondiscrimination and equitable service to its community. Second, they serve as a legally enforceable agreement by which the City may be held liable for breach. The public may view the annual assurance on the City's website or by visiting the City's offices.
