This plan will ensure that everyone will be eligible for federal funding for the next five years once FEMA approves our LMS Plan.

Discussion- Candlewood Suites Impact Fees

Director Frye advised that the owners are asking to pay the impact fees in installments. He advised that the city will receive the total amount but in three payments.

City Manager Cook asked to verify that this is legal. City Attorney Davis advised that it is legal.

Director Frye also advised that any fees that attorney charges should be charged to the hotel.

Commissioner Pelletier commented that we have never done this before and what will happen to the next contractor who wants the same thing and is curious as to why this has come up.

Diviya Patel, representative for JV Investments, advised that they are requesting this because they were not expecting this large of an amount in impact fees compared to the last hotel they built. They advised they would finish the project as soon as possible and open, generating income. Mayor Henderson commented on the issue of issue of not having a CO. Director Frye advised that a temporary CO would issued, allowing them to open but the city would still have leverage.

Commissioner Pelletier asked if the developer knew about the impact fees in the beginning. Director Frye addressed. Discussion ensued.

Commissioner Ayers asked if the impact fees are kept in an interest-bearing account and if they would be willing to pay the interest that the city would be losing. Discussion ensued.

Commissioner Ayers tabled this item.

Change Order- Legislative Paving- Boat Race Road

City Manager Cook advised that this was from grant funds and bids came in significantly under budget, and this is basically just using the state funds and if it is not used, we lose it. He also advised that the scope also included drainage.

Mayor Henderson asked if the state is okay with this and if there is a deadline. City Manager Cook addressed.

Mayor Henderson for public participation;

<u>Paul Bohac 7010 Mike Lane</u> asked if since we are working on Boat Race Road, what is the possibility of using some of this for the roundabout. City Manager Cook addressed.

Commissioner Pelletier asked about the damage to the corner and about the third coat that was needed. Chief Joyner advised. Discussion ensued.

Mayor Henderson for public participation; there was none.

Motion:

Motion made by Commissioner Ayers and seconded by Commissioner Griggs to approve the Change Order for the Public Safety Building Painting project. The motion carried unanimously.

Change Order- Berthe Bridge

City Manager Cook advised that we knew in November that a change order would be needed due to additional cost request for materials used in the project. Now that everything is done, they are trying to finalize the numbers. The change order is for an increase of the contract by \$86,314.82. The city has liquidated damages credit of \$36,800. The city also has a tax savings credit of \$32,126.55. The total amount requested for this change order is \$17,388.27.

Commissioner Pelletier advised that in October it was stated that there would not be another change order. He also advised that he does not like how change orders are coming in after the work is done instead of before and we should add into our contracts in the future that changes orders must be approved before the work is done. Justin Gorman, RJ Gorman Contracting Inc, advised. Discussion ensued.

City Manager Cook advised that there will be two more change orders; the final change order accepting all of the numbers and a change order regarding the drainage.

Commissioner Davis advised that in October, we did a change order for the approach.

Commissioner Ayers asked if this change order has to do with all materials. Mr. Gorman confirmed.

Mayor Henderson asked for public participation;

<u>Teresa Langston 6031 Lance Street</u>, commented on bids coming in low and then doing change orders, commented on estimators, whether or not we are actually coming in under budget, and the timing of change orders.

Commissioner Griggs advised that he agrees with Commissioner Pelletier, and it would have been nice to know beforehand but, there is nothing in this change order that was not necessary.

Mayor Henderson agreed and advised that if needed, we can have a special meeting regarding a change order for a project.

Commissioner Davis asked about the items on the previous change order. Mr. Gorman addressed.

Commissioner Pelletier tabled this item.

Director Shultz advised that the drop-dead date for the grant funds is 90 days from 4/30/2025.

Agreement- Assign Opioid Settlement Funds to Bay County

City Manager Cook advised that the State of Florida and various municipalities, including the City of Callaway, participated in national opioid litigation resulting in settlements that provide funds through both a City Fund and a County Fund, as outlined in the Florida Memorandum of Understanding.

The City of Callaway is entitled to receive opioid settlement funds directly through the City Fund. However, direct receipt would require the City to implement separate opioid abatement programs and fulfill associated reporting requirements. To streamline efforts and maximize the impact of the opioid abatement programs, staff proposes to assign its share of the City Fund proceeds to Bay County. This collaborative approach is intended to reduce administrative burden and enhance coordinated regional response efforts.

Mayor Henderson asked about the amount of the settlement. Director Shultz advised.

Mayor Henderson asked for public participation; there was none.

Motion:

Motion made by Commissioner Ayers and seconded by Commissioner Davis to approve the agreement to assign opioid settlement funds to Bay County. The motion carried unanimously.

Bid Award- LS2025-08 Callaway Cemetery Fence Project

City Clerk Robyck advised that an invitation to bid was published on April 11,2025 with a closing date of April 25, 2025. She advised that we did ask for pricing for the wood shadowbox as well as white vinyl. Four bids were received, and staff recommendation is to approve award to Ocala Fence in the amount dependent on Commission's choice of fence.

City Manager Cook advised that Tim did check references, and all came back good.

Dear Mr. Frye,

I hope you are doing well. On behalf of our team, I want to extend our sincere appreciation for taking the time to meet with us to discuss our **Candlewood Suites** project. We greatly value the opportunity to collaborate with the City of Callaway and contribute to its ongoing growth and development.

Our team is committed to bringing a high-quality hospitality development to Callaway, which will not only enhance accommodations in the area but also generate employment opportunities, increase tourism, and contribute to the city's tax base. We are excited about the positive impact this project will have and look forward to a strong partnership with the city as we move forward.

We acknowledge the total impact fee amount of \$386,111.30, and as we continue making progress on the project, we would like to explore the possibility of a six-month payment plan to help us effectively manage our financial commitments while ensuring the timely completion of this development.

Our proposed payment schedule is as follows:

- Initial down payment of \$130,000
- Second payment of \$128,055.65 in three months
- Final payment of \$128,055.65 three months thereafter

This structure would allow us to allocate resources efficiently while maintaining financial flexibility for construction and operational planning. Given the scope of the project and the long-term benefits it will bring to the local economy, we hope the city would be open to working with us on this arrangement.

Please let us know if this proposal is feasible or if there are any modifications or considerations that would be required to facilitate this request. We appreciate your time, guidance, and support in making this project a success.

Thank you again for your assistance, and we look forward to working together to help Callaway continue to grow and thrive. Please feel free to reach out if you have any questions or need further information.

Best regards,

JV Investment LLC dba Candlewood Suites

Here is the simple interest calculation based on Regions Sweep Account 30 day average Yield as of 4/30/25. These rates will flex based on the market and as we all know the market is up and down now with tariffs.

Change Order #03 Entitlement Analysis

Issue #01

Description of Issue #01:

After the bidding process and entering into contract with the prime contractor RJ Gorman Contracting LLC, it was found that partial quantities of pay items required to complete the construction had been omitted from the Bid Tab provided to bidding contractors. The work associated includes items that are intrinsically necessary to finish the project.

Entitlement Analysis for Issue #01:

Entitlement is not in question for this work, as the added pay item quantities are owner generated.

Engineer's Estimate for Issue #01:

DRMP derived from the plans by EOR Baskerville Donovan and received general confirmation that they are in agreement

with the revised/additional quantities as shown below.
